Quick References for Judges and Justice System Practitioners

Now Available...

Practical Resources for Judges, Court Personnel, and other justice system professionals working with people with mental illness in courts and other justice settings including...

- Judges’ Guide to Mental Health Jargon
- Judges’ Guide to Juvenile Mental Health Jargon
- Judges Guide to Mental Health Jail Diversion
What are they?
Resources for judges involved with justice/mental health initiatives in their communities. Each guide is a tabbed, quick reference to the mental health terms most often encountered in the respective justice settings.

What’s in the guides?
Each guide contains brief, cross-referenced entries organized topically:
- Acronyms
- Screening & Assessment (JJ only)
- Treatment and Supports
- Diagnoses
- Medications
- Key Concepts (JJ only)
- FAQs
- Resources

They are compact!
The dimensions of each guide are handy, and almost pocket sized. They are secure, with a heavy duty metal, spiral binding.

They are affordable!
The Judges’ Guides are cost recovery publications. Policy Research Associates (PRA), the agency that operates SAMHSA’s GAINS Center and the National Center for Mental Health and Juvenile Justice, does not generate any profit through its sale.

The per copy price varies depending on the quantity ordered and shipping is included in orders of 10 copies or less. For orders of more than 10 copies the cost of UPS ground shipping is added to the final order total.

How do I order?
Call 1–800–311–GAIN or go to the GAINS Center’s website at http://gainscenter.samhsa.gov/topical_resources/judges.asp
Order forms are available from the website. Policy Research Associates (PRA) is handling all orders for the Judges’ Guides.
